The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by HRSA, HHS or the U.S. Government.

3

BLENDING FUNDING

Can cover virtually all expenses, from construction and start-up to daily operating costs, without incurring debt.

COMMUNITY-BASED CARE

Our “Community As Method” approach helps you gain community support through all stages of program development, from beginning to end.

VOCATIONAL ASSESSMENTS

We can help with workforce training; assessing vocational interests, passions, knowledge, and skills; the setting of realistic goals; and the selection of wise career plans.

6

HOUSING CREDITS

Together with other federal funding streams, Low-Income Housing Tax Credits (LIHTC) can reduce the need for costly financing.

PAYMENT METHODOLOGIES

We are both a process strategy advisor and a hands-on, tactical resource, helping you embrace change, optimize workflow, and leverage new payment methodologies.

CORRECTIONS DIVERSION

Two out of three prisoners and probationers are drug-involved. We help form relationships with local courts and corrections departments to fund recovery housing.

9

OPIOID RESPONSE

Tools, processes, and practices, plus nationally recognized prevention and recovery strategies to prevent opioid-related harm.

TRAUMA-INFORMED CARE

We acknowledge all the biological, psychological, neurological, and social impacts of trauma to help create a safe, pro-active environment.

CASE MANAGEMENT

The knowledge, skills, and competencies to make your Case Management processes well-targeted, community-oriented, and seamlessly integrated.

12

PEER-DRIVEN SUPPORT

The obvious value of peer support workers can be maximized with additional training in core competencies.

TECHNOLOGY DEVELOPMENT

Adopting, adapting, and refining new technology is easier when you know where you're going and how to get there, especially regarding regulations and information security.

MAT

Regulatory requirements, patient screenings and assessments, treatment protocols, certification and licensing, opioid pharmacology, and practice management.

15

SOCIAL ENTERPRISE

We'll help you create the hands-on business training, jobs, and leadership opportunities required for lasting abstinence.

TELE-HEALTH

Better efficiency, economy, communication, and access to services—we can assist in numerous ways, including “payment parity” issues like reimbursement and cost-management.

MENTAL HEALTH

Respectful of individual beliefs, local practices and culture, linguistic needs, and healthcare disparities, we provide the tools, resources, and treatments required for complete recovery.
