

Why We're Here

Funded through a HRSA grant, the Fletcher Group RCOE is focused on, but not limited to, those rural counties with the highest rates of overdose deaths. We partner with federal, state and local agencies as well as faith-based entities and the private sector to serve the counties of Flathead, Lake, Mineral, Lewis and Clark, Silver Bow, Gallatin, and Park.

Recovery Housing That Works

Innovative Funding Makes It Possible

This brochure is supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) as part of an award totaling \$10.4 million. The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by HRSA, HHS or the U.S. Government.

Outcomes At A Glance

From the Recovery Kentucky Program on which the Fletcher Group model is based.

	AT INTAKE	YEAR LATER	IMPROVEMENT
Illegal Drug Use	41%	8%	80.5% are drug-free
Opioid Use	68%	4%	94.2% are opioid-free
Homelessness	38%	5%	86.9% have a home
Employment	48%	82%	82% are employed
Rearrest	58%	8%	86.3% don't get rearrested
Incarceration	75%	13%	82.7% don't get incarcerated

Resources Available To Our Partners

Technical Assistance from the Fletcher Group RCOE facilitates and coordinates the following resources.

Recovery Housing

Safe, stable Recovery Housing is an essential first step for programs seeking lasting recovery. Without it, success can be elusive.

Evidence-Based Treatment

We apply the latest recovery science including Medication-Assisted Treatment and other Evidence-Based Practices to optimize your prevention, treatment, and recovery efforts.

Innovative Funding Models

Blended funding from existing sources can help you cover both construction and day-to-day operational costs. We can also help you partner with local courts and corrections partners to ensure sustainability.

Peer-Driven Support

Peer Support Workers excel at leading recovery groups, training and mentoring, program administration, and supervision of other peer workers. They can also build community relationships, advocate for people in recovery, develop resources, and educate both policymakers and the general public.

Meaningful Employment

Employment is as important to a sense of fulfillment and dignity as it is to financial independence. It's a key to the lasting abstinence and behavioral change needed to transform lives and empower communities. We can help you with job training as well as assessing the vocational interests, passions, predispositions, knowledge, and skills of those in recovery.

Documenting Outcomes

We not only enhance your performance but can also help you build systems that can evaluate and quantify your outcomes, thereby providing the kind of documented return on investment needed to maintain the support of funders and policy makers.
